(Special to The Herald.)

Eureka, June 25.—Eureka was badly defeated in today's game. Never before has the home team gone so completely to pieces and as a result there is weeping and wailing and gnashing of teeth in the camp this evening. The fans in camp thought that with Rush in the box the Miners would take today's game from Salt Lake, but Salt Lake landed on him for twenty safe ones, and that, coupled with the fact that Eureka made ten errors, which happened along at critical moments, tells the tale of the day's disaster.

Eureka was ahead until the fourth inning and looked like a sure winner. Jensen was touched up for three singles and a brace of two-baggers. Rush held the visitors down to three hits. But Salt Lake's picnic commenced in the fifth. Douglas led off with a single to left field. Stewart reached first on Newell's error, and Hahn drove one down to Johnson, who, after pitching it up, hesitated and threw it late to O'Connell, the ball passing out into right field whereupon Douglas and Stewart romped home. Margretts got second on Johnson's error and scored Hahn. Beck followed with a safe one, scoring Margretts. Face hit one through McKean, and Beck tallied. After Gunn struck out, Seare singled, scoring Page. A single by Jensen followed, and Douglas and Stewart were quickly caught by left field.

Three more runs in the sixth and five in the eighth finished the agony for Eureka. Page made a splendid catch in the fourth inning, pulling down a long hit by Lums. With his left hand, and Northrop brought down the house with a good catch in left field after a long run. No fault can be found with Eureka's outfield in today's game, and Billy King, the veteran first baseman, deserves a great amount of credit.

Douglas of Salt Lake should also come in for special mention, as he was always there when needed. A good deal of dissatisfaction with his play was expressed in which Ferrin umpired the game, and at times it seemed as if he could not distinguish between a ball and a strike. He gave a decision at first base against Eureka which caused howling from the bleachers, and the fans are of the opinion that he favored the visitors some.

New York, June 25.—A dispatch from Cohasset, Mass., to the Herald says that Captain Aubrey Crocker, 60 years old, one of the best known yachting skippers in America, died there yesterday of Bright's disease. In 1884 he was chosen to sail the Puritan and remained on this boat for some years afterward. He sailed on the Volunteer and Mayflower in the cup races in an advisory capacity. He had figured in almost every regatta since the Puritan came out and was in the latter one season after she won the cup.

## WIMBLEDON TENNIS STARTS

Two American Cracks Win Their  
Games in Opening  
Round.

Wimbledon, England, June 25.—The lawn tennis championship games opened here today and will last the best part of a fortnight. No less than sixty-eight players are entered for the men's championship. America is represented in this contest by Raymond D. Little and Kreigh Collins. The former was early in the field and was easily successful in the round, beating A. W. Sawyer in three straight sets. The scores were 6-1, 6-2, 6-1. Collins later won an equally easy victory over E. R. Atterton by three sets to none. Scores: 6-1, 6-1, 6-2.

Beals C. Wright was among the spectators. His injured hand is improving. Miss Sutton of Pasadena, Cal., will defend the title of champion and will participate in the mixed doubles.

ANEMONE ARRIVES.  
Lost Her Spinnaker Boom in Trip  
to Honolulu.

Honolulu, June 25, 2:45 p. m.—The Anemone's time in the trans-Pacific yacht race from San Pedro, Cal., to Honolulu was 14 days and 21 1/2 seconds. She sailed 2,300 miles, and the Lurline about 2,400. The Anemone averaged 16 miles daily, and the only incident of the trip occurred on June 21, when her spinnaker boom was carried away in a stiff gale.

The Sinclair party was among those who went out in launches to meet the Anemone. There is a keen local interest evinced in La Paloma's chance to win the second trophy, but it is believed to be small.

The growing demand for Mounts Pork and Beans is the best evidence of its superiority.

## RESIDENTS ARE OPIN ARMS

Object to Barring Americans Be-  
cause It Touches Their  
Pocketbook.

Henley, England, June 25.—The residents of this riverside town who reap a rich harvest yearly from the regatta are an-athematic. Cecil Fletcher of Oxford is one of them. They realize that their pocketbooks will be touched if his proposal to exclude Americans from future regattas is adopted, and they do not like the prospect. Among the rank and file of the rowing men opinions vary, and there are indications that considerable opposition will develop against Mr. Fletcher's sweeping resolution. He contends that it will be the fault of the American National Association of Amateur Oarsmen if the Americans are prevented from rowing at Henley.

Mr. Fletcher today "Every foreign duty-man coming here to compete has to sign a declaration that he is an amateur according to the laws of the Amateur Rowing association of England. The Vespers did more than was required; they swore in affidavits before a notary public that they were amateurs under our definition. They were supported by the president of the American National Association of Amateur Oarsmen, and yet there is a declaration that the Americans had not taken proper care to learn the facts before it endorsed the entry. Under these circumstances say that the American Association is not to be trusted, and that we ought not to accept American entries until the American association puts its house in order and a new association is formed on proper lines. That will take about two years."
